Getting There and Away

By Bus

The park is around 70 km from Nong Khai, so to get there and back by bus in one day means that you should really try to get the 7.15 am Ban Phu bus from the Main Nong Khai Bus Station next to Po Chai market. The bus arrives at Ban Phu Town Bus Station at around 9.15 am.

From here you should board the connecting Song Thaew (pick up truck shared taxi) which takes you the 10 km from the town to the foot of the park and then hire a motorcycle taxi for the final 4 km up into the park itself. You should arrive at the park at around 10.15 am.

To get home, you should make sure that you leave the park no later than 2.30 pm. Khun Som Dee the Park Director will help you find a way down to the foot of the hills. The final bus back to Nong Khai leaves at around 3.30 pm and you will be back here at around 5.30 pm
